A Written Safety and Health Policy Statement

Your statement should define your company's commitment to your safety program.

- It needs to be signed by the company's Owner, President or other key Senior Management official.
 - It should be put on company letterhead and posted where all employees can read it.
 - It should also be reviewed with all new employees at the time they are hired so they know that safety is an important concern to management
- Visit our website at www.trotwoodchamber.org for the complete safety program and accountability letter.

Start Saving on your Electric Bill Today!

As a chamber member you are entitled to an exclusive offer from DPL Energy Resources.

Take control of your energy budget. This special fixed rate offer of 4.99 cents per kilowatt-hour (kWh) is lower than the DPL standard offer. The \$4.99 cents per kWh rate, including a \$4 per account monthly fee, provides savings on the largest portion of your DPL bill—generation and transmission charges. Plus you receive the added security of a dependable, fixed rate for either 18 months or through May 2014—its' your choice.

Eligibility

Dayton Power & Light customers, who are also members in good standing with a chamber and have usage less than 700,000 kWh annually or less than 100 kilowatts (kW) in demand, are eligible. If your usage exceeds this, call 888.674.3753 to discuss how DPL Energy can help.

For more information please call 888.674.3753 or 937.837.1484.
