Huber Heights, Northmont, Vandalia and Trotwood Chambers hosted our first Legislative Reception Thursday, February 21 at Holiday Inn Dayton Airport. There were over 90 in attendance. A brief update was given by State Officials as well as Montgomery County Officials; Congressman Turner was the keynote speaker. Below is a picture of Congressman Turner with participating chamber representatives.

Left to right: Will Roberts, Vandalia; Cathy Hutton, Northmont; Congressman Turner, Marie Battle, Trotwood and Mark Bruns, Huber Heights

Holiday Inn Dayton Airport, our gracious sponsor, provided a wonderful array of hors d' oeuvres for all attendees. Our sincere thanks to Holiday Inn Dayton Airport, for providing the food and the venue for our event.

## Step 6

### Safety and Health Process Coordination and Employer Education

Each company will be required by the new rules to appoint an individual, as the company Safety Coordinator. This individual, will need to be given the necessary time, authority and resources to facilitate developing the company's safety program. The Safety Coordinator must demonstrate an interest in employee safety and have a high level of trust from the employees.

All levels of management must be willing to work with the Safety Coordinator and support the company safety efforts. The Safety Coordinator is responsible for over seeing the company safety program and working with management and employees, but he/she cannot assume duties and responsibilities that need to be carried out by line management.

The following is a list of some of the responsibilities a Safety Coordinator should be responsible for:

- Overall coordination of the safety and health program
- Training of management and employees in safety responsibilities and specific safety related topics.
- Maintaining an updated knowledge of safety and health regulations.
- Review of all accidents and assisting supervisors in conducting accident investigations.
- Tracking the overall progress of the safety program and communicating this to management and employees.
- Providing assistance and advice to management and employees on safety related issues.
- Conducting regular safety inspections.
- Following up on employee concerns and complaints.
- Working with the company safety committee.
- Developing new safety policies and procedures as necessary to help improve the safety program.
- Compiling injury and illness statistics and related records
