SOCA has a new partner to resolve Identity Theft for Chamber members

Delivering Value To
Chamber Membership

Did you know that the average American worker is twice as likely to suffer an identity theft than a broken bone, and the Federal Trade Commission says that identity theft issues suffered by American workers account for a minimum of 100 hours of lost productivity time per worker who suffered a breach? A recent survey of American workers also found that 66% of respondents took at least one day off from work in the past year to deal with legal issues. As a benefits partner to your chamber, SOCA is always looking for ways to help you provide high quality benefits to your members.

The popularity of identity theft and legal protection plans has grown in recent years, and after carefully researching a number of providers, we are pleased to announce LegalShield and IDShield as our new Preferred Pro-

vider for legal and identity theft plans. This new relationship will provide your membership with discounted rates as part of the SOCA partnership, as well as some extremely unique events and workshops designed to educate your members on the threats of identity theft/data protection in their companies.

In the coming weeks we will be reaching out to you to discuss this new high quality offering, and discuss how SOCA would like to partner with your Chamber of Commerce to launch this new benefit to your membership.

If you have any plan-related questions, you may view a short video overview at: <https://player.vimeo.com/video/264081012?autoplay=1>

For any specific plan-related questions, please contact Todd Goodwin or Nicholas Goodwin, our SOCA LegalShield and IDShield Independent Agents, directly at 855-294-0888 or email Toddg@voluntarymkt.com or Nickg@voluntarymkt.com

Gov. John R. Kasich joined BWC Administrator/CEO Sarah Morrison agreed in giving Ohio employers \$1.5 billion in premium rebates this summer, expanding workers' comp savings for employers to \$8 billion since 2011.

"We've had healthy income and returns on our investment portfolio, and it's only right to share that success with our private and public employers,"

said Morrison, standing with Kasich at the Land-Grant Brewing Co. in downtown Columbus. "We know that the more money we leave with employers, the more they can invest in their employees and grow their business."

The rebate equals 85 percent of the premiums paid for the policy year that ended June 30, 2017 (calendar year 2016 for public employers). The rebate, BWC's largest in 20 years, was presented to BWC's Board of Directors Wednesday, April 25, and voted on at the board's May 24 meeting. The rebate checks likely will be mailed in July and August.

2018 MCO Open Enrollment
April 30 to May 25, 2018

The 2018 MCO open enrollment period begins at 7:30 a.m., April 30 and ends at 5:30 p.m., May 25.

Open enrollment gives all state-fund employers an opportunity to choose a managed care organization (MCO) to help manage the medical portion of their workers' compensation claims. A strong MCO-employer partnership also helps injured workers receive the treatment they need to get back to work as safely and quickly as possible.

Choosing an MCO that meets the needs of your business and your workers is an important decision. For help making a selection, please call or email Tammy Purcell (513-372-8714 OR tpurcell@hunterconsulting.com).

Home Instead Senior Care is offering **free** training for your employees so you can join the many area businesses that are becoming “Alzheimer’s Friendly”. You will receive a door or window cling to identify your business as a place that is trained to welcome families who have someone with Alzheimer’s or Dementia.

The 30 minute training is designed to help a business’ employees understand the disease and provide simple techniques to help ensure customers with Alzheimer’s are treated with compassion and respect.

It is a lonely job caring for someone with Alzheimer’s. In fact a recent survey of family caregivers reported isolation as their biggest challenge. This can lead to depression, anxiety, feeling overwhelmed, emotional and physical exhaustion and sadness. Some of your best customers may have stopped coming to your business because the idea of going out where others may not understand their loved one’s behavior or poor judgment is embarrassing for them. If they know you are an Alzheimer’s Friendly Business they will be inclined to come to your business.

To schedule your free 30 minute training session with at least 10% of your staff, call Lori Reeves at Home Instead at 937-410-0710.
