Can you think of anyone you know and reflect on their character...what makes that person stand out? Chances are they are dedicated and committed to doing their best no matter what they are assigned to do. Abraham Lincoln observed that “commitment is what transforms a promise into reality. It’s the words that speak boldly of your intentions, and the actions which speak louder than words. It’s making time when there is none...it’s coming through time after time, year after year. Commitment is the stuff character is made of...the power to change the face of things...the daily triumph of integrity over skepticism.”

Effective business leaders are committed to work with what is available to achieve the better good. They will not wait for someone else to do what they know needs to be done, but will become involved to see that it gets done.

Members, we sincerely thank you for your dedication, commitment and support; you are the fiber of this organization and with your help we can accomplish the goals/projects we have in place for 2010.

Marie Battle CPS, Executive Director

OSHA CHANGES COULD BE COSTLY TO EMPLOYERS

OSHA is in the process of increasing enforcement activity and fines. OSHA has hired 150 new Compliance Officers in 2009 and has increased the number of inspections and the number of citations issued to 87,000 in 2009 and at the current pace that number will exceed 100,000 in 2010.

The B.E.S.T. in Green is Coming to Dayton

Business Expo & Showcase of Technology (B.E.S.T.)

Thursday, September 30, 2010
Dayton Hara Arena

The Trotwood Chamber of Commerce has teamed up with EMTEC and the City of Trotwood to announce the Business Expo & Showcase of Technology (B.E.S.T.) coming to Dayton Hara Arena on Tuesday, September 30, 2010.

B.E.S.T. is a one-day trade show and symposium showcasing the best of the region's entrepreneurial and green technologies. The event features a keynote speaker, forums, demonstrations and dozens of exhibitors. All gathered to inform and enlighten both industry leaders and the general public of the advancements being made in green energy—and how those advancements can improve not only energy efficiency and the bottom line, but overall quality of life as well.

The first portion of the event, from 11 am to 4 pm, is aimed at area businessmen and women. It includes a keynote address, luncheon buffet, seminars covering topics such as "Make Money in the Green Economy" and Reducing Energy Cost" and a tradeshow of the green industry's best and brightest. Registration is \$49 and must be made in advance.

The event reopens from 5 pm to 7 pm to the general public and includes the tradeshow and seminars such as "Preparation for Green Careers" and "Home Energy Savings and Sustainability." Admission is \$5 at the door...it is free for students with proper I.D.

Exhibit Space and Sponsorship opportunities are still available. Booth space is \$250 if made before August 30, 2010. There is a \$100 discount off the cost of booth space for businesses and organizations with a current Trotwood Chamber Membership.
